Dear Ms Crawford

Re: Performance Audit Report – Premier's Implementation Unit

I refer to your letter dated 23 August 2018 enclosing your Performance Audit report entitled *Progress and measurement of the Premier's Priorities*. I note the overall recognition of progress against the 12 Premier's Priorities and the positive feedback from agencies on the outcomes being brokered for citizens.

I note your observations on data and reporting on the Premier's Priorities website and the opportunity to enhance communication to the public. These recommendations have been implemented.

In relation to your specific concerns about the *Making housing more affordable* data, we note this is a difficult area for data collection and we will work with the relevant agency to action your recommendations.

Thank you to you and your team for conducting the performance audit. The Premier's Implementation Unit strongly supports the opportunity for continuous improvement, to facilitate delivery of the 12 Premier's Priorities for the benefit of the citizens of NSW.

Yours sincerely
