

# Appendix two – TSS sectors and entities

Based on ABS classification, the New South Wales Total State Sector (TSS) include 210 entities within the General Government Sector (GGS) and 104 government-controlled businesses in the Public Financial Corporations (PFC) sector and the Public Non-Financial Corporations (PNFC) sector.

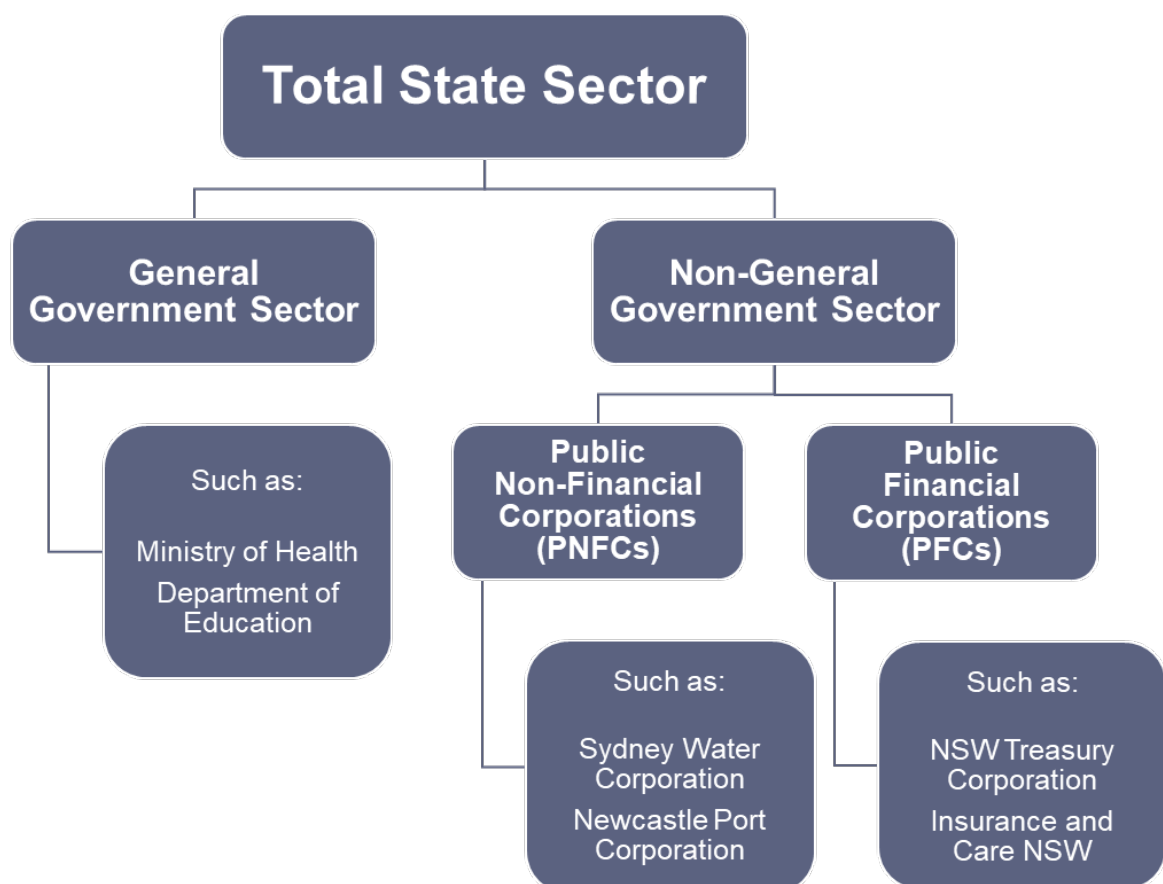

The PFC and PNFC sectors combined form the Non-General Government Sector (Non-GGS). The businesses in Non-GGS generally provide goods and services, such as water, electricity and financial services for which consumers pay for directly.

GGS entities are agencies that provide public services (such as health, education and police) or carry out policy or perform regulatory functions. General government agencies are directly or indirectly funded in the main by taxation.

As defined by the ABS, PFC entities have one or more of the following functions:

- a) that of a central bank
- b) the acceptance of demand, time or savings deposits
- c) the authority to incur liabilities (such as insurance) and acquire financial assets in the market on their own account.

PNFC sector includes agencies where user charges represent a significant proportion of revenue and the agencies operate within a broadly commercial orientation.
