

Appendix three – TSS sectors and entities

Based on ABS classification, the New South Wales Total State Sector (TSS) include 203 entities within the General Government (GG) Sector and 102 government-controlled businesses in the Public Finance Corporations (PFC, also known as 'Public Financing Enterprises') Sector and the Public Non-Financial Corporations (PNFC, also known as 'Public Trading Enterprises') sector.

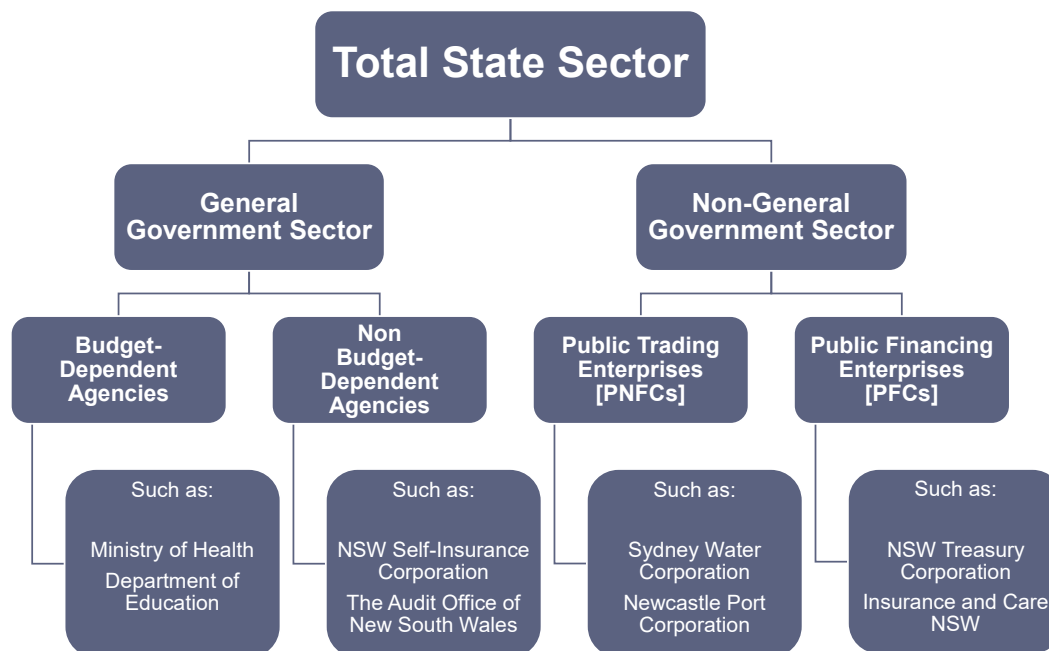

The PFC and PNFC sectors combined form the Non-General Government Sector. (Non-GG). The businesses in non-GG generally provide goods and services, such as water, electricity and financial services for which consumers pay for directly.

GG entities are agencies that provide public services (such as health, education and police) or carry out policy or perform regulatory functions. General government agencies are directly or indirectly funded in the main by taxation. Some GG agencies are budget-dependent while some other GG agencies are not budget-dependent.

As defined by ABS, PFC entities have one or more of the following functions:

- a) that of a central bank
- b) the acceptance of demand, time or savings deposits, or
- c) the authority to incur liabilities (such as insurance) and acquire financial assets in the market on their own account.

PNFC sector includes agencies where user charges represent a significant proportion of revenue and the agencies operate within a broadly commercial orientation.

Controlled entities of the State of NSW
